Signature Value Alliance HMO benefits at a glance

Network coverage only – You may save money when you receive care for covered benefits from network providers.

Primary care physician (PCP) required* – You and each covered family member on your plan will need to choose a PCP.

Referrals required – You'll need referrals from your PCP before seeing a specialist or getting certain health care services.

Pharmacy benefits administered by Optum Rx® – You'll be able to order up to a 3-month supply of medications you take regularly and have them delivered right to your home.

One-stop call resolution – You'll have access to a dedicated call center for answers to all of your questions about care, benefits and coverage, including referrals and claims.

Stay supported with your PCP

Your PCP can help connect you to the care you need and help you avoid cost surprises. Your health plan option requires you to select a network PCP** for you and each covered family member.

More reasons to have a PCP

- ✓ They know your health history and health goals
- ✓ They provide routine care, such as annual checkups, which may help identify potential health issues earlier
- ✓ They advise you when to see a specialist and provide referrals if needed***

*Laws in some states allow you to choose a specialist, like an OB/GYN as your PCP. Sign in to uhc.com/CalPERS to see the providers in your network.

**Some health plans may allow you to choose a facility rather than a doctor as your PCP. Some states allow you to choose a specialist, like an OB/GYN, as your PCP.

***Some health plans may require a referral prior to seeing another network physician or specialist.
